April Principal's Message

April is such a rejuvenating month filled with more sunshine and growth. The snow is almost gone and the plants start to appear. The opportunity for new beginnings and renewed health is abundant. With the improved weather comes opportunities to get outside and move our bodies more which is proven beneficial for both our physical and mental health. We are excited for the upcoming opportunities with the beginning of track and field season.

We are so proud of our students and how they are engaged in their learning, their extracurricular activities, and our community. We look forward to celebrating them with you at Parent Teacher Interviews on April 9th and 10th.

We would like to give a shout out to all our families for your engagement in our school, showing up and participating in assemblies, joining classes as guest speakers, attending Pi night and so much more. We appreciate you. If you have any ideas of how you and others can continue to engage in our school please reach out to a staff member and share your idea. We are always looking for ways to continue to collaborate with you.

Sincerely,

Your Admin Team

MINDFULNESS THROUGHOUT YOUR DAY

One easy way for children to dip their toes into mindfulness is through body poses. To get your kids excited, tell them that doing fun poses can help them feel strong, brave, and happy.

Have the kids go somewhere quiet and familiar, a place they feel safe. Next, tell them to try one of the following poses:

The Superman: this pose is practiced by standing with the feet just wider than the hips, fists clenched, and arms reached out to the sky, stretching the body as tall as possible.

The Wonder Woman: this pose is struck by standing tall with legs wider than hip-width apart and hands or fists placed on the hips.

Ask the kids how they feel after a few rounds of trying either of these poses. You may be surprised.

IMPORTANT NOTICE:

Please ensure to call the school when changes to transportation for students occurs in the middle of the school day. This will help to ensure the message is received and student transportation is correct.

Success SLC is excited to announce these upcoming events for our students!

PLAYOFFS

Monday, May 5 - Gr. 7

Tuesday, May 6 - Gr. 8

Thursday, May 8 - Gr. 6

Let's pop into the Library to read a good book

Ramona is excited to start kindergarten. No longer does she have to watch her older sister, Beezus, ride the bus to school with all the big kids. She's finally old enough to do it too!

Then she gets into trouble for pulling her classmate's boingy curls during recess. Even worse, her crush rejects her in front of everyone. Beezus says Ramona needs to quit being a pest, but how can she stop if she never was trying to be one in the first place?

This time Ranger, the time-traveling Golden retriever, finds himself in San Francisco in the middle of the great 1906 earthquake, and his mission is obviously to get a young Chinese immigrant, Lily Chen, to safety, but as they make their way through the ruined and burning city Ranger finds that he must also accomplish something else--finding Lily, who was sold as a servant by her parents, a new family who will care for her.

In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix.

Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend.

Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside.

Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?
